

From Party (Palm Sunday) to Party (Easter - Resurrection Sunday!)

This is a family game/study that allows you to follow Jesus from His parade (triumphant procession) to His Resurrection on Easter Sunday!

Was it just any normal week for Jesus and His followers? No! So let's choose to not let it be a normal week for us either.

Directions: Complete each playing card number as assigned on the day. Once you finish that day, either color in the game square, or have each person in the family color their finger with a marker and stamp their finger print in the square. Use the fingerprints to symbolize the fact that you are committed to following Jesus every day this week as He prepares to die for you and for me. Don't worry, it ends better than it sounds!!!
